C B E D S - 1993

Enrollment in Public Schools of Santa Barbara County

Preface

The California Basic Educational Data System (CBEDS) is a single annual collection of data compiled by the State Department of Education (SDE) about school staff, student characteristics, enrollment, and hiring practices. CBEDS is a statewide data base that has as its data sources county offices of education and school districts. Its purpose is to satisfy the SDE's continuing need for information necessary for reporting, program management, and planning.

The system is designed to allow the data to be combined in many ways to serve various purposes and to reduce the number of information collections made by SDE. Enrollment data was collected on October 13, 1993, designated as CBEDS Information Day, and is reported by district, school, grade, male/female, ethnicity, and a ten-year enrollment comparison.

The "official" SDE summary should be available in July/August 1994. The attached summary is the "unofficial" count prepared in our department. Please keep in mind that, during February 1994, districts are given an opportunity by the SDE to amend their reports. Therefore, amendments made after our summary was compiled are not included in this report. Districts are not required to submit these changes through our office.

We hope this summary is of value to you. General inquiries regarding CBEDS data can be made to the State Department of Education, Demographics Unit, 916-657-2676.

Gary J. Pickavet, Assistant Superintendent
Business and Data Processing Services
December 1993

Prepared by School Business Advisory Services, 12/93-cs
