C B E D S - 1996

Enrollment in Public Schools of Santa Barbara County

Preface

The California Basic Educational Data System (CBEDS) is a single annual collection of data compiled by the California Department of Education (CDE) about school staff, student characteristics, enrollment, and hiring practices. CBEDS is a statewide data base that has as its data sources county offices of education and school districts. Its purpose is to satisfy the CDE's continuing need for information necessary for reporting, program management, and planning.

The system is designed to allow the data to be combined in many ways to serve various purposes and to reduce the number of information collections made by CDE. Enrollment data was collected on October 12, 1996 designated as *CBEDS Information Day*, and is reported by district, school, grade, male/female, ethnicity, and an enrollment comparison over a period of 10 years.

This summary is prepared by the School Business Advisory Services of the County Education Office. During February, school districts are given an opportunity by the CDE to amend their reports; therefore, amendments made after January are not included in this report. The CBEDS summary published by the CDE will be available in July or August of 1997.

Additional information and general inquiries regarding CBEDS data can be made to the California Department of Education, Demographics Unit, 916-657-2676.
